

Energy and Sustainability Task Force meeting minutes January 7, 2021

Attendees: Steve Granger, Danielle Dulin, Phil Miller, Terry Vair, Casey Lund, Beth Rutt

Minutes: Approval pending

Agenda: Discussion only

Meeting was discussion only due to lack of quorum

Phi Miller opened a discussion about potential interview questions of city manager applicant(s) when identified.

Scott Holmberg discussed reviewing strategic plan and potential focused areas for staff. Process of review is a yearly cycle and updated after annual council election.

Rain Garden plan being worked on by UCM students.

Once plan is finalized work can begin in February to mark demonstration beds and prepare for spring planting. Information sessions can begin after concept plan is developed.

Danielle Dulin communicated that she visited with Barbra Carroll, city planning about ordinances changes dealing with plant heights. Barb will be invited to the meeting in February.

Danielle reported that currently the former East water plant is being evaluated for recycling/yard waste. The west plat was being considered but it is in a low location and becomes wet during rain.

Discussion was had about Danielle contacting Lee's Summit staff to learn if we could arrange a visit to learn.

Next meeting February 4, 2021.
